1. 14th March Parliament Morcha deferred: Hope all our office bearers have received the SMS about postponement of our Parliament Morcha programme. While the response to our parliament morcha programme was so overwhelming and many have mobilised more than the quota,

ramlila ground is not available for procession and govt/police are refusing permission for any procession /assembly for such large number and taking various factors into consideration AIBEA has decided to defer the morcha on 14th. This would create lot of inconvenience to our units and members. But we felt that deferment is more expedient than going there with total mobilisation and facing problems. **2.
