

AIBEA-AIBOAs struggle programme to protest against proposed merger and consolidation of Banks

05/07/2016 08:02 by admin

AIBEA-AIBOA's struggle programme to protest against proposed merger and consolidation of Banks, particularly the 5 Associate Banks with SBI with a view to divert the people's attention from the Himalayan bad loans in Banks.

12th July, 2016 " All India Strike in 5 Associate Banks 13th July, 2016 " All India Strike in ALL BANKS

DEMANDS STRENGTHEN PUBLIC SECTOR BANKS START MEASURES TO RECOVER BAD LOANS
HALT MERGER OF 5 ASSOCIATE BANKS STOP CONSOLIDATION OF PUBLIC SECTOR BANKS STOP
PRIVATISATION OF IDBI BANK START ACTION ON LOAN DEFAULTERS **INSTRUCTIONS:** i. Strike
Notice has been served on Indian Banks Association. Our units need not serve any strike Notice on their
managements individually. ii. Our unions in the Regional Rural Banks and Co-op. Banks are exempted from the
strike action. iii. However, they will join the other agitational programme like demonstrations, campaign meetings,
Dharna, etc. iv. Dharna should be organized in all State Capitals by our State Federation and State Committees
jointly. (Date can be adjusted locally to suit other conveniences). v. Specimen of Poster has been sent already to all
units. Posters are to be got printed and displayed before all branches/offices. vi. Mass meetings, local general body
meetings, Area wise meetings, Committee meetings, etc. should be held in order to explain the severity of emerging
attacks so that our members join the strike with awareness and confidence. vii. Similarly IDBI Bank is also facing
threat of privatisation despite assurances in the Parliament by the very same NDA Government not to privatize the
Banks. Wherever required meetings must be held to instill confidence in the employees and officers in IDBI Bank
because they are facing attacks like punitive suspension, transfer, etc. viii. While our organisational protest
programmes and strike actions are very important to focus our demands, it is equally important to mobilise public
support and political support. State Federations should chalk out action plan to garner political support by meeting by
local political leaders and seeking their support. They should be request to issue press statement, etc. ix. Special
meetings of the members in the Associate Banks should be organized at various bigger centres to extend our total
solidarity with them when they are facing serious attacks of closure of banks and merger with SBI. x.
Demonstrations, rallies, processions, etc. should be held on the eve of the strikes and on the strike days. Comrades, all
of us will realise that we are fighting a grim battle against the attacks on public sector banking, against our jobs, job
security, our trade union rights and our safe future. Every effort should be taken to mobilise all our members in the
action programme with enthusiasm, confidence and determination.
