Beware of false news UFBU's Strike on 26th Dec. stands. From yesterday afternoon, there have been a lot of queries from our units about the withdrawal of our strike on 26th December, 2018 as reported in some TV channels. As usual, even without verification, it has been circulated in whatsapp, etc. adding to the confusion.

The news is totally false and baseless. The Strike stands. From UFBU the matter was taken up with the concerned Channels and the same has been since withdrawn by them. The source of this unauthenticated news is also being questioned with the TV Channels. Our units and members are advised to be cautious about such attempts as there are a lot of elements who derive pleasure in creating such confusions by spreading false news and some over enthusiastic media persons get trapped by the same and unwittingly publish such wrong news. Needless to add that any development regarding strike action will always be informed to units and members by AIBEA instantly.
