

Reduction in family pension on account of implementation of revised Family Pension formula

06/11/2021 04:57 by admin

Â We draw your kind attention to our letter dated 15-10-2021 on the above subject. You are aware that what we had demanded for was improvement in family pension since the same was felt as inadequate. While the revised guidelines with uniform 30% and removing the upper ceiling hasÂ increased the amount of family pension to most of the family pensionersÂ especially at the higher grades and scales, the removal of minimumÂ family pension is resulting in reduction in existing family pension to theÂ some of the family pensioners. That is why we had pointed out in ourÂ above letter that the removal of minimum on family pension is adverselyÂ affecting the family pensioners at the lower pay scales.Â
